Club Meetings ... contd.

Key to building Immunity and More

This was a unique opportunity to interact and have a joint meeting with Rotary Club of Navi Mumbai Sunrise, an active club from District 3142.

A much relevant and pertinent topic during these times, is how to build immunity and deal with the COVID 19 disease. This important topic was discussed in length by a subject expert, Dr. Karan Kakkad, based out of Mumbai.

The attendance for the event was good, with lots of appreciation by the several attendees. Health and lifestyle issues are now commonly faced by many people – the topic gave an insight as to how these issues can be dealt with before they become serious.

Other points of discussion included amendment of Club byelaws, Formation of Trust and update of RI Website etc. for members.

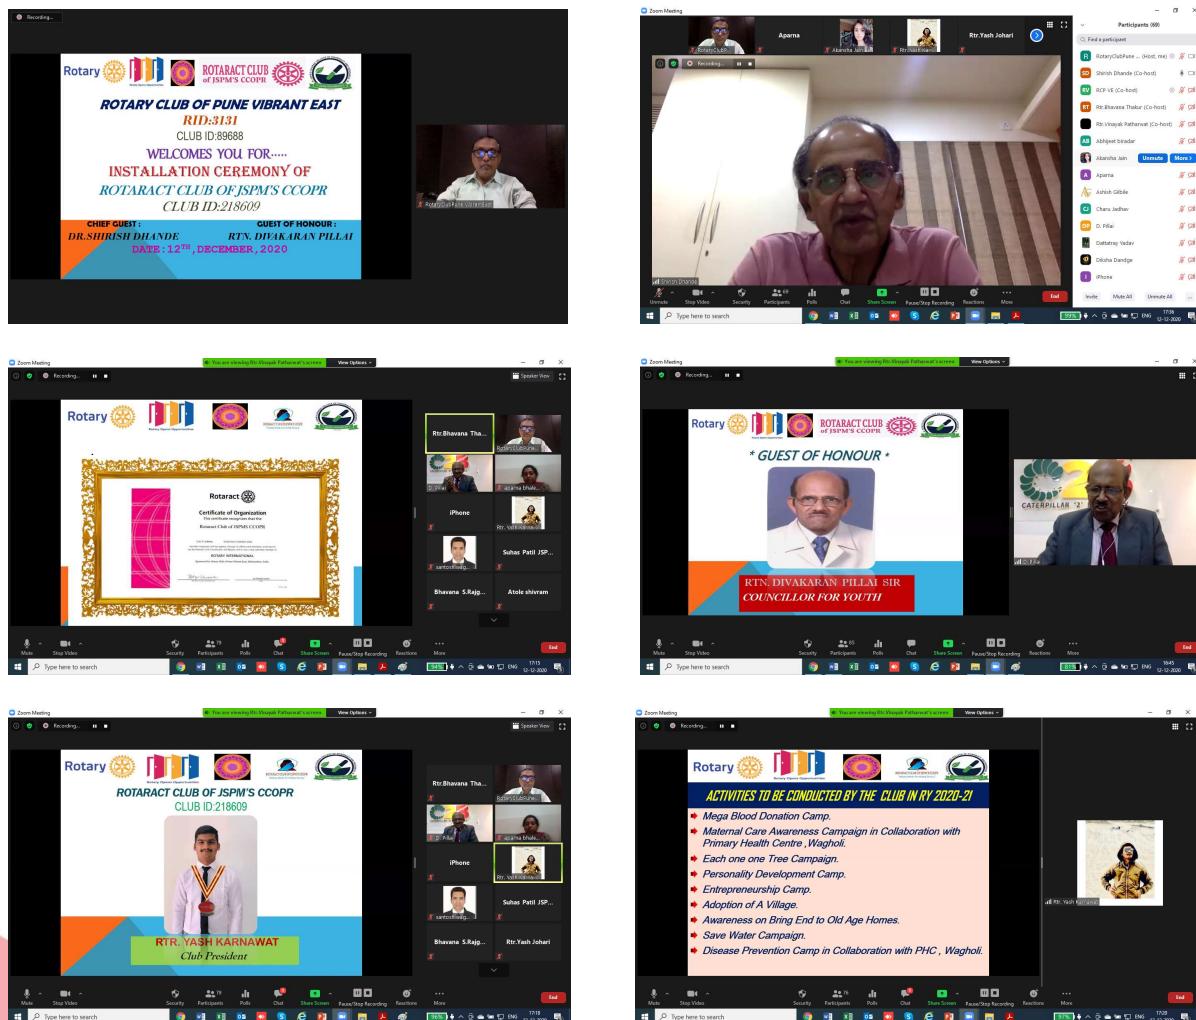

We also discussed about starting club meetings on regular basis, since online zoom meetings do not enable close connectivity among the members.

Installation of new Rotaract Club of CCOPR

12th December 2020, marks an important date in our club's history, wherein we instituted the **First Institution-based Rotaract Club**. The Charter for the club was received around a couple of weeks back and thereafter efforts were made for planning the Installation.

New Developments in Youth Service

Rotary's focus on youth, has channelized our efforts in the formation of new clubs viz. Rotaract, Interact and NGSE. Post the Rotaract Club formation, we have initiated efforts to start new **Interact Clubs**. These clubs are proposed to be started at Adarsh School, Dalvi Nagar, Pune, wherein the majority of students are from the indigent background. They need all the support we can offer from our end.

We shall plan for the Installation of the two new clubs as soon as we receive the Club Charter and the schools / staff are functional in first week next month.
